Prebiotic Fibre and Probiotic Strain Synbiotic Blend

Love your gut! Avisae OptimALL Nutrition™ pre+probiotics™ pixie is a proprietary synbiotic blend that helps your body's gastrointestinal tract work more efficiently. Supported by science, this balanced blend focuses on providing key probioticⁱ bacteria to support the development of a healthy microbiome together with prebioticⁱⁱ fiber to act as bacterial nutrition for the added probiotics.*

Product Features

- A blend of five probiotic strains bacteria supported by 2 prebiotic fibres* + 5 probiotic strains.
- Three Lactobacillusⁱⁱⁱ strains and two Bifidobacterium^{iv} strains provide a balance of probiotic functionality*.
- Two prebiotic fibres, FOS^v and inulin^{vi}, provide support for growth of the probiotic bacteria to improve gastrointestinal colonization*.
- The blend of five strains gives a total of 20 billion units per serving. These bacteria have also been protected using the Microbac™ proprietary technology^{vii} which studies have shown provide the equivalent of five times the effective colonization*.
- Microbac™ protection also ensures shelf stability so no refrigeration is required*.
- Low GI sugar (palatinose) together with zero calorie stevia provides diet-friendly sweetness*.
- Naturally flavored, colored and sweetened.
- Made in the U.S.A. according to rigorous FDA GMP standards*.
- Free from preservatives, toxins, pesticides and heavy metals*.
- Shelf stable - no refrigeration required*
- Minimum of 20 billion[†] protected live probiotics to your gut—guaranteed
